GA VOC Survey

Custom Crosstab • 07.28.2021 - 07.31.2021

Performed by Spry Strategies and Chart Consulting
The Georgia Statewide Voters of Color Survey was conducted by IVR Landline and Online Interviews from July 28 - July 31 among a random sample of 600 likely General Election voters of color, who were double screened by the stratified sample and a screening question on ethnicity, on which Caucasians were dropped. The survey has a margin of error of +/- 4.0 percentage points. Results are weighted. Some percentages in crosstab reports for this poll may not add to 100% due to rounding.
