IV – Respect for Religious Values

Kindness and consideration are the roots of world peace. Most religious institutions play a major role toward teaching and training the people of the world to respect one another. Government institutions should respect the religious values of parents and children in their home, their school, and their community.

Religious values which **contribute toward world peace:**
- “practice tolerance and live together in peace”
- “love and understanding”
- “honest, just and equitable”
- “moral well-being”

Words which express **respect for religion and safeguard religious beliefs:**
- “fully respects various religions and ethical values”
- “respecting their cultural values and religious beliefs”
- “within a framework of ethical values”
- “recognize the central role that religion, spirituality and belief play”
- “abstinence”
- “fidelity”
- “ensure the religious and moral education of their children”
- “freedom of thought, conscience and religion and belief”
- “the right to profess and practise their own religion”
- “moral, ethical, spiritual”
- “in harmony with spiritual and cultural values”

Words which could be interpreted as **opposing religious values:**
- “abortion”
- “pornography” *(when only “child pornography” is used, it implies that “pornography” is OK)*
- “prostitution” *(all prostitution – not limited to “forced prostitution”)*
- “substance abuse”
- “sexual responsibility” *(population control and condom use for HIV/AIDS)*
- “safe sex” *(referring to the use of condoms as being “safe”)*
- “obscene materials”
- “incitement to violence”
- “trafficking in women and children”
- “sexual exploitation”
- “domestic violence”

The following paragraph includes most of the ills of an immoral society:

“. . . Gender based violence, such as battering and other domestic violence, sexual abuse, sexual slavery and exploitation, and international trafficking in women and children, forced prostitution and sexual harassment, as well as violence against women, resulting from cultural prejudice, racism and racial discrimination, xenophobia, pornography, ethnic cleansing, armed conflict, foreign occupation, religious and anti-religious extremism and terrorism are incompatible with the dignity and worth of the human person and must be combated and eliminated.”

images of women, including pornography, stereo-

ual harassment, as well as violence against women,

paedophilia and child pornography, and trafficking
in, and exploitation of, human beings.”

ICPD: 4.9 .................................................................134
“Countries should take full measures to eliminate all
forms of exploitation, abuse, harassment and vio-
ence against women, adolescents and children.
This implies both preventive actions and rehabilitation
of victims. . . .”

Note: In lists of immoral behavior, including
pornography, when the word “child” is put in
front of pornography it implies that pornography
is OK, as long as it isn’t “child” pornography.
All pornography is potentially harmful to
families – especially children – not just child
pornography.

GENDER DEFINITION: MALE AND FEMALE

Rome ICC, Article 7 (3) .......................................408
“For the purposes of this Statute, it is understood that the term "gender" refers to the two sexes, male and female, within the context of society. The term ‘gender’ does not indicate any meaning different from the above.”

“For the purpose of this Declaration and Programme of Action, it was understood that the term "gender" refers to the two sexes, male and female, within the context of society. The term ‘gender’ does not indicate any meaning different from the above.”

Beijing: 5 ....................................................................215
“. . . For the commonly understood meaning of the term ‘gender’, see annex IV to the present report.”

Report of the Fourth World Conference on Women
Annex IV

STATEMENT BY THE PRESIDENT ON THE COMMONLY UNDERSTOOD MEANING OF THE TERM “GENDER”*

“1. During the 19th meeting of the Commission on the Status of Women, acting as preparatory body for the Fourth World Conference on Women, an issue arose concerning the meaning of the word "gender" in the context of the Platform for Action of the Conference. In order to examine the matter, the Commission decided to form a contact group in New York, with the Commission's Rapporteur, Ms. Selma Ashipala (Namibia), as Chairperson. The Commission mandated the informal contact group to seek agreement on the commonly understood meaning of "gender" in the context of the Platform for Action and to report directly to the Conference in Beijing.

“2. Having considered the issue thoroughly, the contact group noted that: (1) the word "gender" had been commonly used and understood in its ordinary, generally accepted usage in numerous other United Nations forums and conferences; (2) there was no indication that any new meaning or connotation of the term, different from accepted prior usage, was intended in the Platform for Action.

“3. Accordingly, the contact group reaffirmed that the word "gender" as used in the Platform for Action was intended to be interpreted and understood as it
was in ordinary, generally accepted usage. The contact group also agreed that the present report should be read by the President of the Conference as a president's statement and that the statement should be part of the final report of the Conference.

“* The statement was presented at the Fourth World Conference on Women by the President of the Conference.”

**Author’s Notes:**

### Gender Imbalance

There is a considerable gender imbalance in the UN treaties and documents that are listed in the Third Edition of the Negotiating Guide. The number of times the words “man” and “men” appear in the documents, compared to the number of times the words “woman” or “women” appear, is considerably different. Consider the following:

The totals are:
- woman or women: 2,642 times
- man or men: 267 times

As you can see, women are considered 10 times more than men. A similar imbalance is shown in the numbers for “boy” and “girl”:
- girl: 423 times
- boy: 76 times

These numbers clearly show a gender imbalance – favoring women and girls.

Some feminists will claim the “imbalance” is necessary – to overcome the male domination of the past. But it could bode trouble in the future, as boys and men are given less consideration.

---

**Sexual Orientation**

The words “sexual orientation” do not appear in any of the treaties or conference documents contained in this book. While there have been repeated attempts by special interest groups – at almost every conference – to insert these words, and confer new “rights” on people who choose this lifestyle, this has been repeatedly defeated by the official delegates, and these words are not included in the consensus language contained in the treaties and documents in this book.
